

# Heanor Swimming & Lifesaving Club

## Consent form for photographs or videos of children

Heanor Swimming & Lifesaving Club recognises the need to ensure the welfare and safety of all young people in sport.

In accordance with generally accepted child protection policies we will not permit photographs, video or other images of children to be taken without the consent of the parents/carers and the children.

Heanor Swimming & Lifesaving Club would like to take photographs of your child for public relations and club purposes. These photographs may appear in our printed publications including the press, on our website or other affiliated websites and on our closed Facebook group.

Only pages viewable to club members will show action shots of children swimming and competing. As a HSLSC member or parent, you can request access to the closed Facebook group by sending a member request, or to the private photo albums by providing your personal email address below.

Heanor Swimming & Lifesaving Club will take all steps to ensure these images are used solely for the purpose they are intended. If you become aware that these images are being used inappropriately you should inform a committee member of Heanor Swimming & Lifesaving Club immediately.

Please answer the following questions and then both you and your child (if over 11 years) should sign and date the form below.

Please circle

- |   |          |
|---|----------|
| 1. May we use your child's photograph in printed publications including the general press?                            | YES / NO |
| 2. May we include your child's name in press articles?  | YES / NO |
| 3. May we use your child's photograph on our website, any affiliated swimming websites and our closed Facebook group? | YES / NO |

The form is valid from date of signing. This information will be stored on a database.
